

SYMPOSIUM OF THE ISB TECHNICAL GROUP IN MOTOR CONTROL

MOTOR CONTROL IN BIOMECHANICS

SUNDAY, 11 APRIL 2021 | 10:00 AM TO 12:30 PM GMT-3

IN CONJUNCTION WITH THE 2021 INTERNATIONAL FOOT AND ANKLE BIOMECHANICS (I-FAB) MEETING
VIRTUAL SYMPOSIUM

ORGANIZERS: DR. PAOLA CONTESSA (USA) • DR. WALTER HERZOG (CANADA) • DR. JIM RICHARDS (UK)

*A forum to foster the growing interest in scientific work at
the intersection of Motor Control and Biomechanics*

INVITED SPEAKERS

António Prieto Veloso
University of Lisbon
(Portugal)

Eneida Yuri Suda
University of São Paulo
(Brazil)

Marco Vaz
Federal University of
Rio Grande do Sul
(Brazil)

Eliane Celina Guadagnin
Federal University of Pampa
(Brazil)

Fabrício Magalhães
Federal University of
Minas Gerais
(Brazil)

Who Should Attend: Researchers and students with an interest in Biomechanics and Motor Control should attend. Participants will have the opportunity to discover the latest developments at the intersection of these two fields and discuss with experienced investigators.

Registration and Fee: Participation is free for all i-FAB attendees.

REGISTER

With the support of the International Society of Biomechanics (ISB): Founded at Penn State University on August 30, 1973 to promote the study of all areas of biomechanics at the international level. The ISB promotes and supports international contacts amongst scientists, the dissemination of knowledge, and the activities of national organizations in the field of biomechanics.

INTERNATIONAL FOOT & ANKLE BIOMECHANICS MEETING 2021
APRIL 11 - 14, 2021
